PROSPECTUS

NALANDA
VIDYANIKETAN

Above and beyond

A school is one of the first steps of fundamental learning, a place that inhabits knowledge in virtuous environment and is imparted through the mediums of hard work, intelligence and meticulous application.

KNOWLEDGE AND TALENT - THE EMBRACE

At Nalanda, we harbour the same ideals but they're upped in their rigor to suit the needs of a modern day child, the citizen of the future. Our methods of teaching aim at taking a child above the set benchmarks and beyond pedagogy; knowledge is not scripted in mere textbooks.

Learning, as we all know, is a lifelong process and it takes more than mere classroom learning to be successful in life. Nalanda with its holistic developmental programmes aimed at academic, physical and mental education – provide the right skill sets to your child, to be above and beyond for a lifetime.

NALANDA'S VISION

To lay foundation for the leaders of 21st century world with an emphasis on deep-rooted traditional values of love, compassion, discipline and deference.

NALANDA'S MISSION

Each individual's academic, emotional, societal, physical, creative and spiritual potentials are to be nurtured in moving towards the highest aspirations of the human spirit.

VISION
MISSION
EDUCATION

WHAT

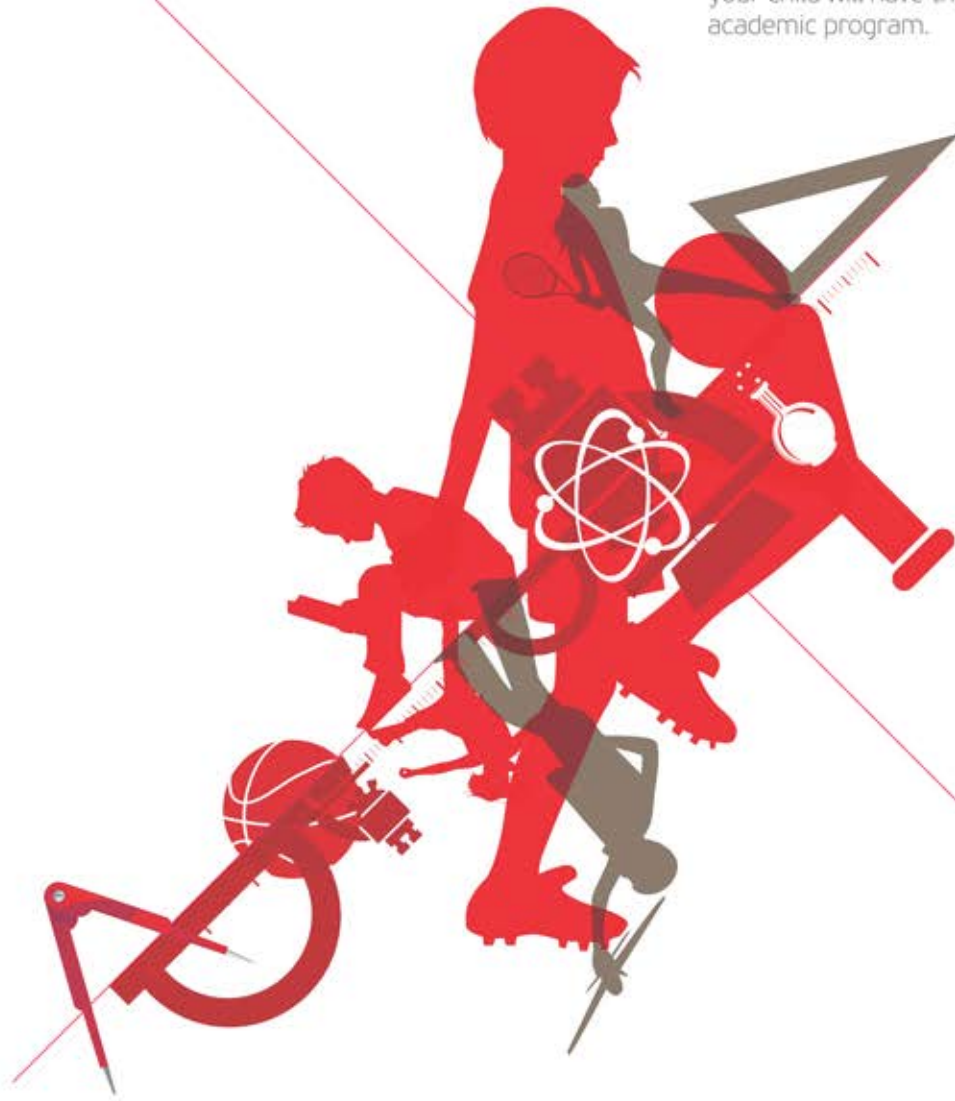

HOLISTIC EDUCATION

In simple terms, Holistic education brings together all the processes involved in education— processes, which have been tried and tested for millenniums now adapted to suit the needs of the modern child.

WHAT

OUR INFRASTRUCTURE

The school has an extensive campus with an infrastructure on par with standards to meet every need. Spacious classrooms equipped with the latest multimedia hardware, well-equipped Science laboratories, dedicated labs for Computers, Mathematics and Languages, an AV room, cafeteria, and an elaborate Sports infrastructure, all ensure that your child will have the best facilities that support the academic program.

The school also has an academic and sports program using the latest methodology and training program with qualified teachers and trained Coaches and Instructors. This is in line with our goal of promoting excellence in academics, sports and extra-curricular activities.

WHAT

HOME AWAY FROM HOME

Nalanda Vidya Niketan (NVN) provides residential facilities for 500 students. Boys and girls stay in separate hostels that are adequately furnished and provided with 24x7 professional securities. Senior wardens keep a vigilant eye on all residents to ensure their well-being and safety. Inmates here are given a choice between A/c and Non A/c rooms based on preference of their lifestyle

The well constructed, spacious and airy dormitories, with individual spaces for every student, make it a pleasant and safe place to stay. There are no outside distractions, to divert students attention from their studies. An engaging schedule keeps the residential students engrossed in useful activities that contribute to their growth. Leisure time is spent in games and sports.

WHY

SELF LEARNING

'Learning is experiential, Learning allows adaptability and agility; such Learning is for life'. Learning happens when we connect and think. To build this basic aspect and give our students a secure, safe and successful life, we have adapted this methodology of 'SELF-LEARNING' in our teaching –learning process.

'Learning process in today's world needs to be well-connected with reality which not only involves technology and global issues but also a thorough overview before developing a perspective towards problems and people.

WHY

TO EXPERIENCE DIFFERENTIAL THINKING.....

"Everybody is a genius but, if we judge a fish by its ability to climb trees, it will live its whole life believing that it is stupid."
-Albert Einstein

This methodology involves development of skill along with concept which will allow linear, lateral and abstract thinking. Concept is hence mapped keeping a 360 degree view of its application. Students are allowed to process the content in varied measures using various learning tools which includes technology for easier and faster grasping. Thus, the student of Nalanda is ensured to become an independent, ethical, responsible and risk taking future citizen.

WHY

DON'T WE HAVE HOMEWORK?

A child learns more from his surroundings than from his books. It is important for him to know about the happenings around the world and have a complete learning experience beyond the boundaries of the school.

At Nalanda homeworks are given to build connectivity. Technology is incorporated to give the touch and feel of reality while doing homework. The student level of thinking, considering 21st century skills is well catered in the various type of works sent home. Yesteryears of knowledge building is thus replaced with Application, Analysis, Comprehension and Creativity.

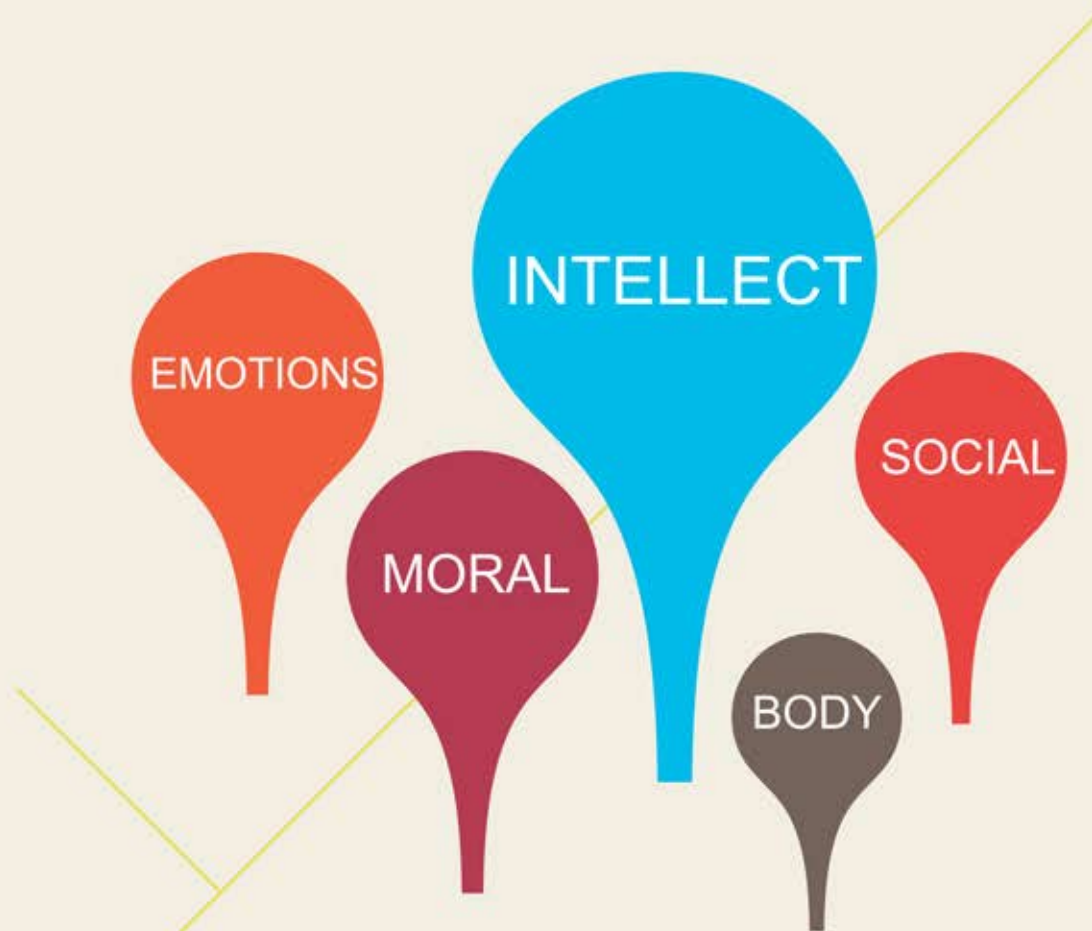

HOW

DO WE BALANCE YOUR CHILD'S DEVELOPMENT?

We at Nalanda understand that education is wealth acquired over a lifetime and that its importance will never diminish over the years. Hence we take special care to groom the force of the future. We expose them to a wide range of activities and allow them to learn across a range of domains to gain the essential skills and knowledge to build a strong foundation for future education and bolster the soft skills of students to make them flexible and industry ready at the same time.

VALUE SYSTEMS

Various clubs are run by the students under the supervision of our teachers, which gives them practical, realistic knowledge and infuses passion into the learning process. We don't wait to brush up the child's communication skills during the last few days of school but put him through the learning process right from the first day. This eclectic mix of physical, mental and practical forms of learning is best any child could have.

HOW

IS LIFE AS A PARENT OF A NALANDAN?

In one word – exciting!

As a parent, perhaps the best thing you would want to see is that your child grows into a responsible human all the while sharing the new knowledge gained and performing the best from their innate potentials. We understand this and we have tried to make this learning experience of your child as accessible to you and make it more transparent as your child's first learning experiences have been imparted through you and who else can be a better judge for your child's nurturing?

EXCITING PARENTHOOD WITH NALANDA

At Nalanda, we have exclusive parent counselor system designed for your convenience as a one stop reference point for all of your child's activity in the school. You can constantly put a tab on your child's performance. Not only that, we took one-step forward to bring your child's co-curricular and extra-curricular activities right to your doorstep. Once your child is with us, one of the most exciting journeys of your parenthood begins and all you need to do is sit back and watch him grow

NALANDA HEALTH CLUB

NHC is our initiative for the children. Our motive is Health and Wellness. A healthy body begets a sharp mind. The care we provide for staying healthy in the tender years and teens will be a foundation for the child's over all development. Nutritional care of the child is the main module of our health club through which we try to curb the life style disorders such as obesity. By inculcating healthy food habits, by adhering to the fact **"WE ARE WHAT WE EAT & HEALTH OUTSIDE STARTS FROM INSIDE"** we wish to build a food smart generation. The facility is extended to the parents also.

ADMISSION PROCEDURE

Applications for Registration for classes LKG to IX for the academic year will be issued in the school office on payment of Rs.500/- on any working day between 9.00a.m. and 5.00p.m.

Filled-in application forms should be sent to the Principal, Nalanda VidyaNiketan, with all enclosures on or before the date specified by the school. They can also be submitted in the school office before the due date.

Please keep the following points in mind:
Students seeking admission to LKG should complete three years by **1st June of the year** For UKG it is 4 years and so on.

REGISTRATION PROCESS:

A copy of the birth certificate from one of the following in support of the age of the child should be enclosed.

- a) Certificate of Birth issued by the Municipal corporation or MRO.
- b) T.C with relevant entry of date of birth in case of admission by transfer from other schools.

In case of inter-state transfer, students must produce the T.C. duly counter signed by the DEO.

The original certificate in support of the date of birth shall however be submitted to the school compulsorily at the time of admission.

Admissions are made on the basis of the past performance of the student. No admission is made without a Transfer Certificate (Wherever applicable) and the Birth Certificate. T.C. (Transfer Certificate) should be duly countersigned by the competent Educational Authorities in respect of students of a state other than Andhra Pradesh.

Admission to various classes is made as per the policy decided by the management of the school from time to time. The decision of the Admission committee shall be Nalanda and binding on the parent/guardian.

WITHDRAWALS & DISMISSALS

1. If any student wants to withdraw during the Academic year, he/she has to pay the Tuition fee for the entire academic year.
2. Applications for the T.C. relating to withdrawals for the next academic year should be submitted not later than 30th April. Applications received for such withdrawals **after** this date will attract the provisions of the payment of the entire fee charged at the time of re-opening of the school, as the case may be.
3. The student's name may be struck off the rolls on the following grounds without any notice:
 - a) Indiscipline.
 - b) Unsatisfactory behaviour
 - c) Non-Payment of Fees.
 - d) Absence without reason or leave application for more than a month.

The management reserves the right for granting re-admission

A Vijaya Babu

Correspondent & Secretary

Change is inevitable. Change, is constant. Change motivates us to transform ourselves into perfection. To impart quality education is laying the foundation of making stronger generation-next leaders.

The first sign of changes in the society is seen through the field of education. Education shapes minds, and revolutionary minds start taking action. Education is the agent that drives the transformation of society towards a better future.

Nalanda has been the torchbearer in initiating the change process in the field of education all these years and it gives is immense pride to have completed 25 successful years of our commitment to excellence. By pioneering many path breaking pedagogical methods, teaching techniques and training infrastructure, the excellent results our efforts have shown encourage us to keep adding a dynamic thrust in imparting the right education.

It has always been our endeavor to keep up the value-added advantage our students and consistently have over others. We emphasize on adding quality to academia and consistently striving for excellence in performance. This has strengthened our vision to let our students plan their future in the right direction and bring in enduring results.

Nalanda firmly believes in self assessment and introspection. With this self analysis, our educational initiatives serve the student community effectively. We owe all our success to our teamwork and dedication of the entire staff and management. We do and forever will strive to get as close as we can to **perfection.**
